Summary: A unique combination of metaphysical and corporate skills. A proven professional performer with a multi-faceted background and tenured work history. Outstanding communication skills. Team player and leader, yet independently motivated and most happy and productive when on a focused, personal mission. Systems-oriented and intuitive. Flexible, willing and able to travel extensively to achieve significant results. Dual residency between Wisconsin and Arizona.

Professional Experience:

October 2008 – Present ***Amp'd PC Technologies, LLC***
Co-founder and Executive Vice-President

Responsible for Amp'd PC's entire basis of Operations, including oversight for product design, manufacturing, distribution, fulfillment, Warranty, Vendor Base, Compliance and Certifications. Company is currently in startup phase and seeking capital and I have day to day intimate involvement with each aspect of the process.

January 2004 – Present ***Freelance Consultant- Wisconsin/Arizona and various other locations***

Provided Consulting, Marketing, Coaching, Counseling, Project Management and Financial services to a rich and varied clientele. Worked on individual projects ranging from Corporate clients, Non-Profits, and individual entrepreneurs as well as artists and authors. Achieved significant results, built a client base forming lasting relationships and completed many high profile projects.

During this time have also added several significant skills to personal and professional toolkit through continuing education, including coaching, counseling and mentoring, website management, graphic design, film, video and other varied skills. Also set up and continue to participate in two Real Estate Partnerships in Wisconsin and Arizona.

Significant Positions held include:

Managing Director, Shamanic Astrology Mystery School – September 2006 – present
General Partner, EME Real Estate Partnership, October 2005 – present
Assistant Art Director, Pewaukee Library Mural Project, May – September 2005
Managing Director, KriyaShakti/FourSquare Studios March 2003 – June 2004

Professional Experience, continued:

June 1992 through
December 2003

The Morey Corporation, Woodridge, IL

Positions Held:

National Sales Manager 1992-1995

Director of Outside Sales 1995-2001

Director of Sales and Marketing 2001-2003

Instrumental in achieving significant sales growth and market penetration for an independently owned Contract Electronic Manufacturing Company. During tenure, annual sales grew from \$12 Million to in excess of \$100 million annually. Responsibilities included developing sales strategies and executing direct sales efforts to large OEM customers. Developed and executed multiple marketing plans. Hired, trained and supervised sales staff both on-site and in remote locations. Developed significant key customer and technical relationships as well as honed unique technical skills. Personally added multiple new OEM accounts and projects annually, as well as re-captured a lost market for a unique company proprietary product. Also developed and maintained all Sales and Contract-related systems and procedures for ISO and QS registration.

April 1987 through
June 1992

MidCon Corporation, Lombard, IL

Positions Held:

Regulatory Compliance Analyst – 1987-1989

Regulatory Compliance Supervisor 1989-1991

Senior Business Development Analyst 1991-1992

Responsible for leading and performing internal operational and compliance audits for a Natural Gas Pipeline subsidiary of Occidental Petroleum. In addition to audit responsibilities, performed litigation support services and lawsuit recovery functions. Also performed internal company fraud investigations and ongoing surveillance. Reported directly to Director, Regulatory Compliance throughout tenure. Extensive travel and use of interpersonal skills to gather information and report findings. Personally recovered several million dollars in lost revenue through investigative actions. Also testified as company representative in legal proceedings, working with inside and outside legal counsel.

Was recruited internally and promoted to Senior Business Development Analyst for company Marketing Department. Developed and executed marketing plans for Natural Gas Vehicles and Co-generation Markets. Also developed extensive Marketing Databases and presentation material for entire department. Supported Sales Representatives and provided presentations to potential customers.
